CAPTAIN AMERICA
THE END

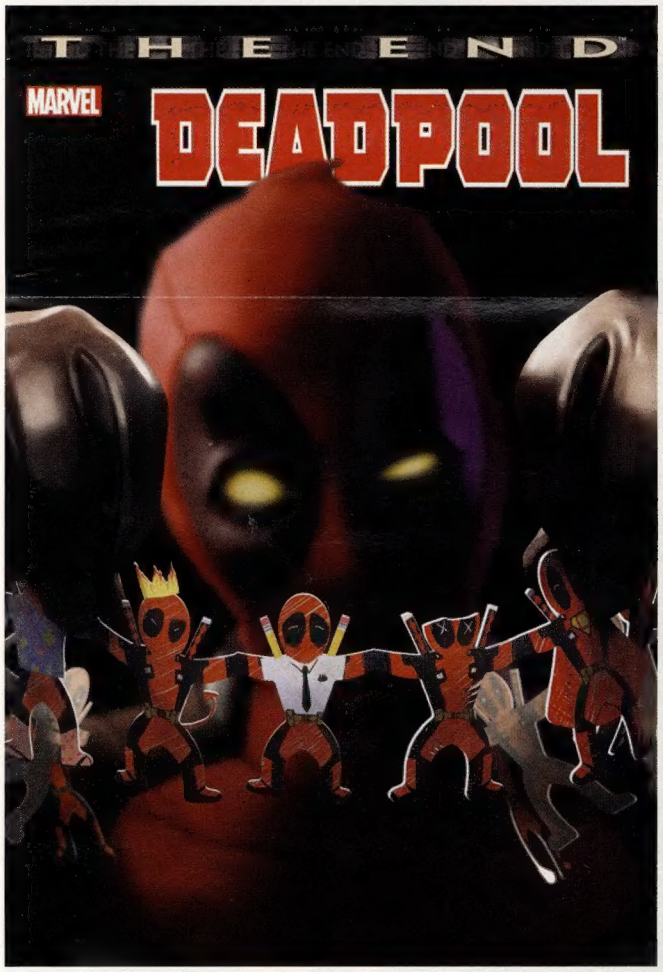
The End Begins Again in January

We've seen the early years of a number of heroes, but what about their final years—and even their final moments? That's just what Marvel is offering readers in a series of ***The End*** oneshots focusing on the possible final tales of some of comics' greatest heroes. "Spanning the near future to the end of the universe, from happily ever after to the depths of despair, these unforgettable and surprising tales follow our heroes to their natural and unnatural conclusions!" Marvel said in describing the six new oneshots coming in January.

Editor *Jordan White* stresses that these are not another take on ***What If?*** comics. Instead, ***The End*** tales have to convince readers that these very well could be the final tales of their favorite heroes. "I think the best stories from ***The End*** line are the ones that walk the fine line of both being a surprising direction for the character's end to take while also resonating with what the character is and always has been," White said. "So they are simultaneously surprising and exactly what has to happen."

The six upcoming oneshots include:

•***Captain America: The End #1*** (by *Erik Larsen),* presenting Steve Rogers' fight for survival in a postapocalyptic wasteland populated by hordes of Red Skulls!



•***Deadpool: The End #1*** (by *Joe Kelly & Mike Hawthorne),* revealing just how one might do away with the seemingly unkillable Wade Wilson.

•***Captain Marvel: The End #1*** (by *Kelly Thompson & Carmen Carnero),* following Carol Danvers on a 50-year mission into deepest reaches of the cosmos to spread peace and justice... but what happens to Earth in her absence?

•***Miles Morales: The End #1*** (by *Saladin Ahmed & Damion Scott),* in which Miles leads the last bastion of civilization into the future from their sanctuary in Brooklyn.

•***Venom: The End #1*** (by *Adam Warren & Chamba),* a tale that spans over a trillion years as Venom travels the length of space and time as the last defender of life in the universe.

•***Doctor Strange: The End #1*** (by *Leah Williams & Filipe Andrade),* featuring the Sorcerer Supreme's final journey through a cyberpunk sprawl that forgot about magic.

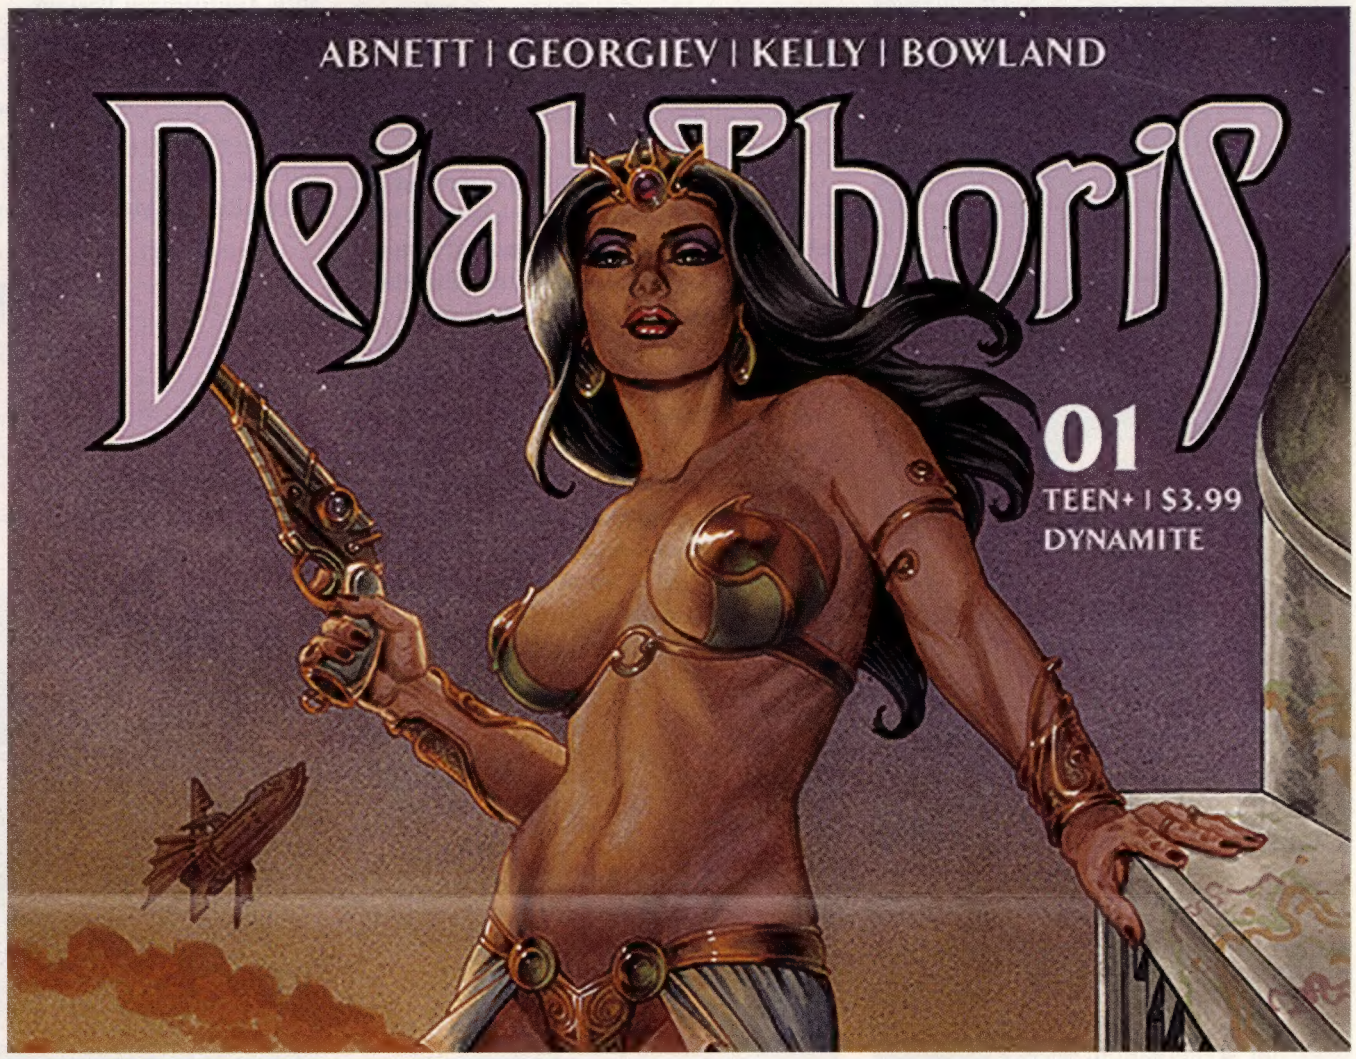
To celebrate Marvel's new ***The End*** offerings, in 2020 the publisher is also bringing back into print some of its most successful trade paperback collections of prior ***The End*** series. The new editions, which are scheduled for late January and early February release, will include:

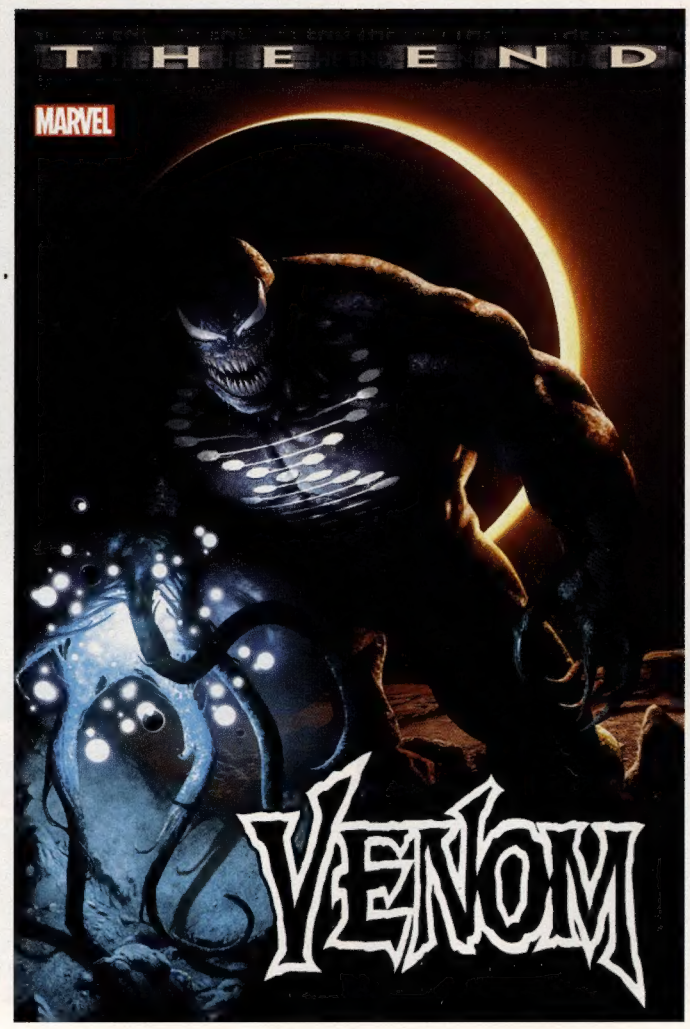
•***Fantastic Four: The End TP (New Printing),*** collecting the six-issue series.

•***Hulk: The End TP,*** collecting ***Incredible Hulk: The End*** and ***Hulk: Future Imperfect #s 1–2.***

•***Iron Man: The End TP (New Printing),*** collecting ***Iron Man: The End, Tales of Suspense #39 (Remastered), Iron Man #144 (Remastered),*** and ***Iron Man #s 116 & 244.***

•***Wolverine: The End TP (New Printing),*** collecting the five-issue series.





Abnett Makes Barsoom Cool Again

Why is Dejah Thoris's homeworld freezing? That's the question at the center of *Dan Abnett's* new ***Dejah Thoris #1.*** In the new series written by Abnett and illustrated by *Vasco Georgiev,* Dejah Thoris's role as a scientist takes center stage as she sets out to save Barsoom from becoming an icy wasteland.

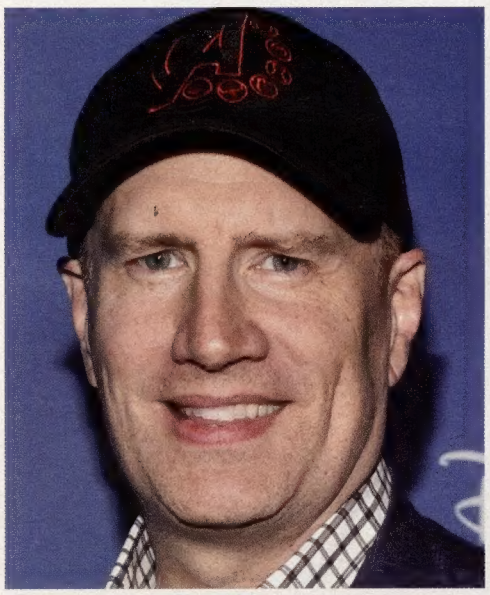
Of course, Abnett is no stranger to otherworldly adventure, having written ***Guardians of the Galaxy*** for Marvel and ***Legion of Super-Heroes*** for DC. But this will be the first time he has ventured into *Edgar Rice Burroughs* territory. "I've been a huge fan of *Edgar Rice Burroughs'* Barsoom stories since I was a kid—without question a fundamental cornerstone of science fiction, and an inspiration for so much of the cosmic wonder that we love today," Abnett said. "I jumped at the chance to write a saga in that world.

Courtesy of your friendly neighborhood comics outlet!

It's a dynastic epic of intrigue, action, and adventure, with Dejah at the heart of it, and we've got an amazing art team to bring it to life."

"We've wanted to work with Dan again for years, but he was tied up exclusively with DC for ***Rebirth***, and he crafted some great stories adding to their mythos," Dynamite CEO and Publisher *Nick Barrucci* said. "When discussing a new ***Dejah Thoris*** series, we wanted to wait for Dan once we knew that was a possibility, and we're glad we did. His series is incredible, and I cannot wait for the fans to check it out!"

Dejah Thoris #1 is scheduled for December release from Dynamite Entertainment.



Kevin Feige Expands Role in Marvel Universe

Kevin Feige, who has made Marvel a cinematic juggernaut in his role as Marvel Studios President, is now taking charge of Marvel's publishing ventures as well.

Feige has been named as Marvel's Chief Creative Officer, which means that now film, television, animation, and publishing divisions will report to him. Marvel's former CCO, *Joe Quesada*, is now Marvel Entertainment's Executive Vice President, Creative Director. Marvel Entertainment President *Dan Buckley* will now report to Feige regarding creative and editorial decisions, while Feige will report directly to *Alan Horn* and *Alan Bergman*, Disney Studios' co-chairmen.

What does this mean for Marvel Comics? Too early to tell—but if any changes do come about as a result of these upper-level changes, you'll hear about them in ***CSN!***

Phoenix 40 Fun

Has it *really* been 40 years since *Chris Claremont & John Byrne* kicked off the Dark Phoenix saga? Yes indeed! It was way back in ***Uncanny X-Men #128*** that the story began, culminating in the classic ***Uncanny X-Men #137***, in which Jean Grey paid the ultimate price for her Dark Phoenix villainy.

With Marvel's mutants experiencing a renaissance as a result of the ultra-popular reboot of the franchise in ***House of X*** and ***Powers of X***, it's the perfect time for Marvel to celebrate the storyline that propelled the X-Men to the top of the charts—and that's just what they're doing with their ***Dark Phoenix 40th Anniversary Variant Covers.*** From Jean Grey's psychic battle with Emma Frost to the X-Men's fateful clash with the Shi'ar Imperial Guard on the moon, each cover will see a pivotal moment in the event brought to new life by today's top artists.

The variant cover offerings will include:

- ***X-Men #5 Dark Phoenix Saga 40th Anniversary Variant,*** illustrated by *Kris Anka.*
- ***Excalibur #5 Dark Phoenix Saga 40th Anniversary Variant,*** illustrated by *Philip Tan.*
- ***New Mutants #5 Dark Phoenix Saga 40th Anniversary Variant,*** illustrated by *Juan José Ryp.*
- ***X-Force #5 Dark Phoenix Saga 40th Anniversary Variant,*** illustrated by *Russell Dauterman.*
- ***Fallen Angels #5 Dark Phoenix Saga 40th Anniversary Variant,*** illustrated by *Scott Williams.*

Other ***Dark Phoenix Saga 40th Anniversary Variants,*** which don't have a specific artist assigned as of yet, include:

And further down the line, fans can look forward to other variant programs celebrating *Chris Claremont's* 50th year of storytelling at Marvel.
